## Complete Framing operating values

### The commitment to success

The success of the group depends upon the success of each franchise. We are committed to providing our franchisees with a quality business opportunity that has the potential for sustained success.

### Family Values

We recognise the importance of family support to your success. We encourage family involvement and encourage a spirit of a greater Complete Framing family that surrounds all our business partners enjoying the contact, friendship and support of the whole group.

### Technical Knowledge

The Complete Framing team have a wealth of technical knowledge and a well of information from which you are initially taught and from which you will continue to learn in future years.

Working and supporting each other for success and a great lifestyle.

**T**he profitability of Complete Framing and the measure of its market success, is dependent upon the profitability of each business partner. We therefore focus all our efforts to ensure you build a successful and profitable business.

### Support Policy

The support we provide is vital to both your success and the success of the whole group.

This support includes training, business reviews, product development, sales and marketing, communication and technical issues. We place enormous importance on support. This support is central to our business strategy. The promise of continuous support to our business partners is a promise we keep.

### Quality and Service

Our policy at Complete Framing is that through group meetings and feedback, all franchisees contribute to the continuing development of the quality and value of our services.

Get on board for success, satisfaction, independence and profit.

### The Business Partnership

We are looking for like-minded individuals. We call them 'partners' The Complete Framing business partnership is a two way process. Each partner brings individual skills, strengths and experience.

We provide our expertise in establishing a new business and assist in preparing a business plan. Our training includes manufacturing, management, marketing, sales techniques and customer service. You complete a comprehensive initial training period in our own workshop. We provide the tools and skills to deliver a professional product that will delight your customers.

We are a business family in which everyone shares experiences, difficulties, ambitions and success!
