Letter of Recommendation

To Whom It May Concern

I have been servicing Andrew Scott of Complete Framing (in the early days of former business Focal Point Picture Framing) on the Sunshine Coast for the last 5-6 years.

I have seen Andrews' framing talents grow in these years to some of the most presentable finished pieces of work. He only uses the most conservation techniques and materials available on the market. Andrew is a natural at making his customers feel completely at ease, during the selection process of framing and its easy to see how Andrews' business is growing.

I have absolutely no reservation in recommending Andrew for accreditation. Andrew has a full display on the way he frames on his counter, which shows his customers exactly how he achieves his conservation workmanship. I fully agree with his framing conservation techniques and believe this method would benefit any framing business.

Yours faithfully
